z = 0: F3 gain-limited full-coordinate transformation

Exploratory same-record check; both responses use the same frozen F3 transformation.
Recorded-coordinate response, not a verified physical m/N calibration. No closed-loop performance claim.

Second-half FRF — Training-identified model

Rx to Rx | Ry to Rx | Z to Rx | N to Rx
Rx to Ry | Ry to Ry | Z to Ry | N to Ry
Rx to Z | Ry to Z | Z to Z | N to Z
Rx to N | Ry to N | Z to N | N to N

Magnitude (dB re recorded coordinate)

Frequency (Hz)
